Recommendation

1. That all written and oral submissions received on the proposed redline revisions to plan of subdivision 42T-2004-02 were considered which helped to make an informed recommendation and decision; and
2. That the Addendum to PDR-CW-18-19 be received, and that in consideration of the draft plan of subdivision 42T-2004-02, and the matters to have regard for under Subsection 51(24) of the Planning Act, the County of Grey Committee of the Whole hereby approves the revised plan of subdivision on lands described as Part of Lot 29 to 31, Concession 3, Part 24 of RP 16R9233, (geographic Township of Sarawak) in the Township of Georgian Bluffs.

Executive Summary

The report considers some proposed revisions to draft plan of subdivision 42T-2004-02 known as Cobble Beach. The current draft plan consists primarily of residential, parkland and open space uses to a maximum of 312 residential units (excluding the mixed use and multiple residential blocks). The revisions propose to change the road network by eliminating a cul-de-sac and connecting two roads, and to identify individual lots within Blocks 50 to 56. All written and verbal comments regarding the proposed revisions have been considered and it is recommended that Committee approve the revisions to the draft plan.

Background and Discussion

The County has received a request for redline revision to the Cobble Beach draft plan of subdivision (County file number 42T-2004-02). Plan of Subdivision File No. 42T-2004-02 was granted draft approval on October 13, 2005 and later revised on October 12, 2006. Plan of Subdivision File No. 42T-2006-12 lapsed on March 15, 2015. Draft Plan of Subdivision 42T-2004-02 was revised in February 2016 by adding the previously draft approved lots/blocks from 42T-2006-12 along with some other minor revisions. The combined draft plans consist primarily of residential, parkland and open space uses to a maximum of 312 residential units (excluding the mixed use and multiple residential blocks). The subject lands are located east of Grey Road 1 and north of Cobble Beach Drive.

The Applicant is requesting revisions to Blocks 50 to 56 in the current draft approval plan. The following are the proposed revisions:

- Street D to be extended northwards and connect to Street G. The cul-de-sac at the end of Street G would be removed;
- Individual residential lots (Lots 50 to 56, 68 to 125) are proposed to replace residential Blocks 50 to 56; and,
- 65 residential lots are proposed with lot frontages ranging from 16.7 metres to 33.8 metres, and lot areas ranging from 668 square metres to 1,251 square metres.

The current draft approved plan provides a range of 54 to 77 residential units within Blocks 50 to 56. The redline revision proposes 65 residential units which is within the current draft approved range. The total count of residential units of the overall development will change from a range of 233 to 312 residential units to 244 to 300 residential units which is within the range that has been draft approved.

Pre-submission consultation between the proponent, the Township and the County identified the submission requirements for the proposed plan of subdivision. The following reports have been submitted with the subdivision application;

1. Planning Justification Report memo,
2. Functional Servicing and Stormwater Management Report, and
3. Revised Draft Plan.

Township of Georgian Bluffs

On May 8, 2019, the Council for the Township of Georgian Bluffs passed a motion supporting the proposed redline revisions. Township staff prepared a report and noted that no one spoke in support of or in opposition to the application and no additional comments have been

submitted since the public meeting. Township staff concur that the changes are minor and recommended that Township Council support the application as presented.

Analysis of Planning Issues

When rendering a land use planning decision, planning authorities must have regard to matters of Provincial Interest under the *Planning Act*, be consistent with the Provincial Policy Statement (PPS) 2014, and conform to any official plans or provincial plans that govern the subject lands. In this case, the County of Grey Official Plan (including the Cobble Beach Secondary Plan) and the Township of Georgian Bluffs Official Plan have jurisdiction over the subject property.

The Planning Act

Section 1.1 of the *Planning Act* outlines the purposes of the Act. The purposes of the Act promote sustainable economic development, in a healthy natural environment, within a land use planning system led by provincial policy and matters of provincial interest. Section 2 of the *Planning Act* outlines matters of Provincial Interest, which decision makers must be consistent with when carrying out their responsibilities under the Act. The proposed revisions are minor in nature and result in improvements to the overall design. The subject redline revision application, with the attached revised conditions of draft approval, have regard for matters of Provincial Interest under the *Planning Act* including Section 51(24).

Provincial Policy Statement (PPS)

A key goal of the PPS is directing new growth to serviced settlement areas, and promoting the vitality of such settlement areas through re-development, infill and intensification. The subject lands have been designated for residential growth and are within a settlement area.

Section 1.6.6.1 of the PPS outlines the servicing hierarchy to be utilized in the Province of Ontario. At the top of the hierarchy are municipal water and sewer services. The proposed development will be serviced by municipal water and sewer services.

It can be concluded that the proposed redline revision application, with the attached revised conditions of draft approval, is consistent with the PPS.

County Official Plan

The proposed plan of subdivision is designated as 'Primary Settlement Area' within the County Official Plan. A Secondary Plan has previously been approved for Cobble Beach which has been included in the County Official Plan. The Cobble Beach Secondary Plan sets out specific policies for the overall development of Cobble Beach. The subject lands are designated as 'Residential' and 'Open Space' within the Cobble Beach Secondary Plan which contemplates the development as proposed.

These lands are fully serviced by municipal water and sewer services and therefore conform to section 5.3 of the County Plan.

Section 6.12.1 of the County Plan addresses criteria to be considered in any new plan of subdivision or condominium. Specifically, section 6.12.1(a)(vi) of this section states,

“The street pattern of the proposed plan and how it fits with the surrounding neighbourhood. Plans which utilize a grid pattern or a modified grid pattern shall be considered more favourably than those with a curvy street pattern or cul-de-sacs,”

The proposed revisions would change the road network by eliminating a cul-de-sac and connecting two roads which further addresses the policy noted above.

Subject to the revised conditions of draft approval attached to this report, the applications conform to the goals and objectives of the County of Grey Official Plan.

Legal and Legislated Requirements

The application has been processed in accordance with the *Planning Act*.

Financial and Resource Implications

There are no anticipated financial, staffing or legal considerations associated with the proposed redline revisions, beyond those normally encountered in processing the application. The County has collected the requisite fee for this application.
