Grey Road 13 from the Beaver River Bridge northerly to 200 metres north of the 10th Line Clarksburg, for a total length of 3.2 kilometres of road rehabilitation and resurfacing. This project includes the following:

- 3.50 metre lanes with 1.5 metre paved shoulders
- 2.4 km of Pulverize and pave rehabilitation
- 800 m of resurfacing
- Culvert replacement
- Guiderail replacement
- The roadway will be open to traffic with intermittent alternating lane closures with the exception of a 3-day road closure for the culvert replacement
- The anticipated project window falls between June 11, 2022 and August 26, 2022

The 800 m of resurfacing falls between two sections of pulverize and pave under this project and is being funded out of the minor capital program. It was added to ensure a narrow stretch did not fall between the two widened sections.

The project is necessary to address the deteriorated condition of the existing roadway.

It is recommended to award RFT-TS-07-22 to Walker Construction Grey-Bruce, HSC for the bid amount of \$1,165,709.30 excluding HST.
