The Honourable Christine Elliott, MPP
Minister of Health and Long-Term Care
80 Grosvenor Street
10th Floor, Hepburn Block
Toronto, ON M7A 2C4

Dear Minister Elliott: *Christine,*

Enclosed is a letter I received recently from Ms. Megan Allen-Lamb, President peopleCare Communities, concerning her company's proposal for an upgraded long-term care facility in the Municipality of Meaford in my riding. I have also included letters of support for the project from her Worship Mayor Barb Clumpus of Meaford and Grey County Warden Selwyn Hicks.

As you will read in the letter, peopleCare Communities would like to add 51 new long-term care beds to its existing 77-bed facility. The new beds will allow peopleCare to build a new 128-bed long-term care home in Meaford. This is a very exciting project for my community. peopleCare's current long-term care centre is the only facility of its kind in Meaford and the expansion planned by the company will improve services by introducing a integrated Campus of Care in Meaford.

Minister, I fully support this project and looking forward to working with you to ensure that it happens. Please take time to review the letter and package I have included. I look forward to receiving a copy of your response and please accept my best wishes.

Sincerely,

Bill Walker, MPP
Bruce-Grey-Owen Sound

CC: Ms. Megan Allen-Lamb, President
Her Worship Mayor Barb Clumpus and council
Grey County Warden Selwyn Hicks and council

BHW/CF
