Dear Kim,

Greetings from all of us here at Georgian.

I bring collective thanks from our students, faculty, staff and community members who are now benefiting from a state-of-the-art Nursing and Wellness Wing at our Owen Sound Campus. Thank you, Grey County!

Please accept this letter as the official acknowledgement of the County's \$1,000,000 capital contribution received in November 2022 towards the refurbishment of Georgian's health care learning facilities at the Owen Sound Campus, as part of the college's *Frontline Support: Health-care Heroes Closer to Home* campaign.

Partnership is an amazing thing. Georgian is deeply appreciative of the loyal and multifaceted partnership with Grey County. Together our organizations are building a healthier region for generations to come. Our shared efforts are creating new opportunities and platforms for prospective students, community members and regional health-care to collaborate around a powerful vision: *sustainable health-care delivery in Grey County*.

Kim, it has been a real pleasure to welcome the County to our campus on numerous occasions throughout 2022 to tour the renovations underway as well as officially inaugurate the space alongside our new Honours Bachelor of Science – Nursing students. We are now only a few months away from our inaugural class finishes its first full year of nursing studies. The County should take immense pride in the stronger health care ecosystem it is helping to build through these 30 nursing students, as well as all of the students who access the new facility to study in areas such Personal Support Worker, Practical Nursing and Development Services Worker programs. We look forward to delivering a future update to County Council on the continued impact and program success.

Thank you for investing in the future. We sincerely appreciate the County's confidence in the college.

Sincerely,

David K. Bell
