

Dear Grey Bruce Community Partners:

We are pleased to advise that the *Grey Bruce Health Unit Annual Report 2013* is available at:

http://www.publichealthgreybruce.on.ca/HOME/Publications/Reports/Annual/Annual_Report_2013.pdf

The report provides an overview the significant achievements for Public Health in Grey and Bruce Counties throughout 2013. The information highlights both the mandatory programs as well as several special initiatives undertaken by this Health Unit.

Some of the notable events include the introduction of Public Health Community Teams. Mobilized across the four sectors of Grey Bruce, the teams work with local partners to address issues identified by that community. We also celebrated the Grey Bruce Health Unit receiving Accreditation with Exemplary Standing from Accreditation Canada. Additional initiatives include the development of a local video “Let’s start a conversation about health, and not talk about health care...” that is intended to widen the scope of what it means to be healthy.

In addition to the above link, you can access the document under *Publications* on our website at www.publichealthgreybruce.on.ca.

Please feel free to distribute this link to other community partners.

We hope the *Grey Bruce Health Unit Annual Report 2013* will provide you with a better understanding of our work with the Grey Bruce community to protect and promote health.

Together we build healthy communities.

Hazel Lynn
