Recommendation

For review and comment by the Grey County Joint Accessibility Advisory Committee

Project Description

The subject parking lot will be situated at the corner of Grey Road 2 and the Osprey Blue Mountains Townline, in the Town of The Blue Mountains. This parking lot is intended to primarily serve visitors to the Kolapore Grey County Forest property and more broadly the Kolapore Uplands. With the extensive recreational trails utilized all year-round, this area has witnessed an increase in parking needs more recently.

The parking surface will remain gravel, and there will be space to accommodate 23 vehicles. There will be a bench, signage, and garbage receptacle on the left side of the parking lot.

Legal and Legislated Requirements

O. Reg. 191/11 Integrated Accessibility Standards: Design of Public Spaces. Municipalities must consult with the public, people with disabilities, and their accessibility advisory committees when constructing new or redeveloping off-street parking facilities which includes parking facilities at municipally owned public buildings.

Relevant Consultation

- Internal: Transportation Services staff; Accessibility Coordinator
- External (list)
