Executive Summary

All available measures are used to collect monies due to the care community on a timely basis. Accounts in arrears are reviewed and supports implemented to ensure that payment is forthcoming.

Balances owing from residents with no repayment activity are written off at year-end for accounting purposes and staff continue to work on collections. Staff recommends that \$1,626 in arrears be written off in the 2018 fiscal year.

Background and Discussion

Staff in the Long-Term Care department reviews accounts receivable balances monthly and attempt to work with residents to minimize account arrears.

The Ministry of Health and Long-Term Care requires that write offs be made in the year the arrears relate to and the Ministry will cover 50% of the arrears relating to basic accommodation. Unpaid balances relating to preferred accommodation and ancillary services such as cable, telephone, hair care etc. are not eligible for Ministry reimbursement.

For the 2018 fiscal year, staff recommends that \$1,626 at Rockwood Terrace be written off, of which \$228 is eligible for Ministry reimbursement.

The following chart provides comparative information for the proposed 2018 write off and the previous five years.
