Owen Sound, Ontario N4K 4K5

Dear Mr. Walker:

Re: The closing of Rockwood Terrace or the addition to be put on Rockwood

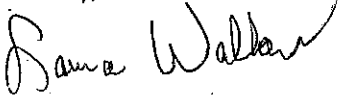

Sir, I wish to protest against the closing of Rockwood Terrace. It is a centre in our community and the community of Durham would be irreparably damaged by the proposals being discussed. Please put an addition on Rockwood to upgrade it to an A class facility.

We love Rockwood and many jobs would be lost if it is closed. Durham has suffered enough. We now have a growing tax base with businesses popping up all over Durham. We have a thriving subdivision across the road from my farm. I live on Southgate-Glenelg Townline as you can see by my address.

I am a retired teacher who is still supply teaching in Grey County. I visit many relatives and friends at Rockwood and this move to Markdale would put a burden on the caregivers of folks in Rockwood.

Please consider my requests carefully. I have signed many petitions but I believe we all need to speak up to prevent this from occurring. I am a tax payer who deserves to have her voice heard.

Sincerely,

Laura Walker
