

Exceptional Care.
Strong Partnerships.
Healthy Communities.

Role and Function

- Grey Bruce Health Services operates six hospitals located in the Grey Bruce region. We have 1,600 dedicated & compassionate staff and over 150 physicians all working collaboratively to deliver excellent patient care.
- Our Mental Health & Addictions department is comprised of comprehensive inpatient and outpatient services operating from a Recovery framework. We are the only Schedule 1 facility in Grey Bruce.
- We provide short and long term mental health and addiction support across the Grey Bruce region within our clients' home communities. We work closely with other agencies & organizations in order to provide coordinated, effective services.
