Executive Summary

The report considers proposed revisions to draft plan of subdivision 42T-2015-05 known as Flato East. The current draft plan consists of a total of 467 residential units (310 detached dwellings and 157 townhouses) and one commercial block. The revisions propose to: shift Block 361 servicing/access corridor from between Lots 98 and 99, to the east side of Lot 90 (shown as Block 374 on the proposed revised plan); enlarge the pumping station (Block 355); introduce a servicing easement/block between Lots 232 and Block 339 (shown as a 6 metre wide water service easement on the proposed revised plan); and associated shifting of townhouse Blocks 339 to 343 as a result of the proposed servicing easement/block. The total number of draft approved lots/units would remain the same. All written and verbal comments regarding the proposed

revisions have been considered and it is recommended that Committee approve the revisions to the draft plan.

Background and Discussion

The County has received a redline revision application that proposes minor changes to draft plan of subdivision 42T-2015-05 known as Flato East. The draft approved plan is in the settlement area of Dundalk on lands situated southwest of Highway 10 and will eventually gain access off of Highway 10 and also connect to Flato West and Flato North. The lands are described as Part of Lots 233 and 234, Concession 1, (geographic Township of Proton) in the Township of Southgate (see Figure 1 – Subject Lands).

The total number of draft approved lots/units would remain the same (see Figure 2 and 3 – Excerpts of Proposed Revision Plan).

Analysis of Planning Issues

When rendering a land use planning decision, planning authorities must have regard to matters of Provincial Interest under the *Planning Act*, be consistent with the Provincial Policy Statement (PPS) 2020, and conform to any official plans or provincial plans that govern the subject lands. In this case, the County of Grey Official Plan and the Township of Southgate Official Plan have jurisdiction over the subject property.

The Planning Act

Section 1.1 of the *Planning Act* outlines the purposes of the Act. The purposes of the Act promote sustainable economic development, in a healthy natural environment, within a land use planning system led by provincial policy and matters of provincial interest. Section 2 of the *Planning Act* outlines matters of Provincial Interest, which decision makers must be consistent with when carrying out their responsibilities under the Act. The proposed revisions are minor in nature and result in improvements to the overall design. The subject redline revision application, with the attached revised conditions of draft approval, have regard for matters of Provincial Interest under the *Planning Act* including Section 51(24).

Provincial Policy Statement (PPS)

A key goal of the PPS is directing new growth to serviced settlement areas, and promoting the vitality of such settlement areas through re-development, infill and intensification. The subject lands have been designated for residential growth and are within a settlement area.

Section 1.6.6.1 of the PPS outlines the servicing hierarchy to be utilized in the Province of Ontario. At the top of the hierarchy are municipal water and sewer services. The proposed development will be serviced by municipal water and sewer services.

It can be concluded that the proposed redline revisions, with the attached revised conditions of draft approval, are consistent with the PPS.

County Official Plan

The proposed plan of subdivision is designated as 'Primary Settlement Area' within the County Official Plan. These lands are fully serviced by municipal water and sewer services and therefore conform to section 5.3 of the County Plan. Subject to the revised conditions of draft approval attached to this report, the application conforms to the goals and objectives of the County of Grey Official Plan.

Legal and Legislated Requirements

The application has been processed in accordance with the *Planning Act*.

Financial and Resource Implications

There are no anticipated financial, staffing or legal considerations associated with the proposed redline revisions, beyond those normally encountered in processing the application. The County has collected the requisite fee for this application.
