WHEREAS for-profit LTC homes have seen a disproportionate incidence of care failing to meet the standard of the Long-Term Care Act, which states that “...a long-term care home is primarily the home of its residents and is to be operated so that it is a place where they may live with dignity and in security, safety and comfort and have their physical, psychological, social, spiritual and cultural needs adequately met”; and

WHEREAS AMO's submission puts forward 48 recommendations for action in both public and private long-term care homes across nine themes: Vision for Long-Term Care and Leadership Culture, Public Health and Safety, Planning and Communications, Staffing Measures, Care for Residents, Funding, Inspections - Enforcement and Compliance, and Mental Health and Well-Being; and

WHEREAS one of the key recommendations of the AMO submission is that the Ministry of Long-Term Care and Ministry of Health review the adequacy of infection prevention and control programs under the Long-Term Care Homes Act, 2007 in preventing and managing COVID-19 outbreaks, and to institute higher standards with increased funding to homes to implement these standards; and

WHEREAS the Canada Health Act's aim is to protect, promote and restore the physical and mental well-being of residents of Canada, and that the Federal Government provides health care funding to Provinces and Territories through the Canada Health Transfer; and

WHEREAS the Federal Government does not currently provide funding earmarked to support the LTC home sector, and;

WHEREAS the Federation of Canadian Municipalities (FCM) works with and advocates to the Federal Government to secure new tools and empower municipalities to build stronger communities; and
