Re: Bruce Grey Food Charter

Grey County Council,

Thank you!

The Grey County Council's recognition of food's role in Health, Social Justice, Economic Development, Education, the Environment, and Culture is the first step towards a robust local food system. We hope to have your continued support through food policy goals and actions Grey County Council can work towards in Grey Bruce. Whether your interest lies within just one of the stated values or all of them, each contribution is important.

The Bruce Grey Poverty Task Force envisions a food secure Grey Bruce built from a healthy and just food system. Grey County Council's commitment to the Bruce Grey Food Charter will support local action to improve the Grey Bruce Food System for us all.

The Food Security Action Group (FSAG) is very interested in hearing more about Grey County Council's plans to meet the vision of the Bruce Grey Food Charter. If you have any questions on how you can implement the charter within Grey County please contact us. To support future action in this area, the FSAG is developing an inventory of local programs; please anticipate that we shall be contacting your staff to obtain details on Grey County supported food programs or activities.

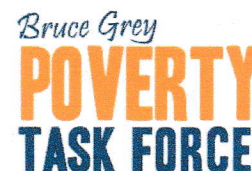

We would like to ensure your endorsement is recognized on the Bruce Grey Poverty Task Force website: <http://povertytaskforce.com/food-security/bruce-grey-food-charter/> and the Grey Bruce Health Unit website: <https://www.publichealthgreybruce.on.ca/Your-Health/Eating-Well/Food-Charter>

Please authorize us to post your logo on both these websites along with other organizations.

Sincerely,
