

Transportation Master Plan

Randy Scherzer

Mike Kelly

Purpose of the TMP

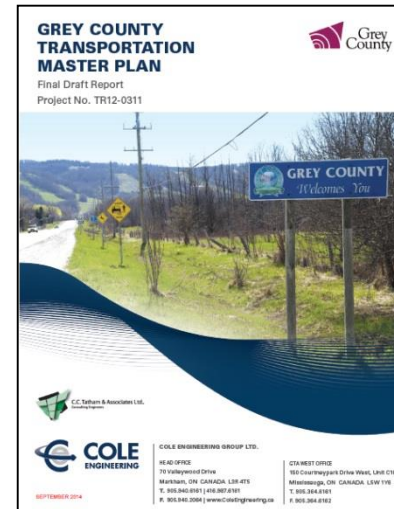

- Action Item of the County Strategic Plan
- Ensure the transportation system is designed to meet the needs of the current population and to attract people to live and work here
- Address short, medium and long-term multi-modal transportation needs of Grey County
- Develop a strong, sustainable, multi-modal transportation system for the future
- Prioritizes critical pieces of infrastructure
- Integrate with neighbouring transportation systems

TMP Recommendations

- ❑ RFP approved by Council to hire a consultant
- ❑ RFP identifies the items to be addressed as part of the TMP
- ❑ Consultant has done what has been asked of them as per the RFP
- ❑ Many different options and recommendations to consider as outlined in the draft TMP

TMP Recommendations

- TMP Contains Recommendations and Options for:
 - Active Transportation
 - Transit
 - Community Traffic
 - Road Rationalization
 - Bridge Rationalization
 - Connecting Links
 - Goods Movement

TMP Recommendations

- Given current resources – can't tackle everything – need direction from Council on what recommendations to move forward with and to prioritize which recommendations should be implemented first

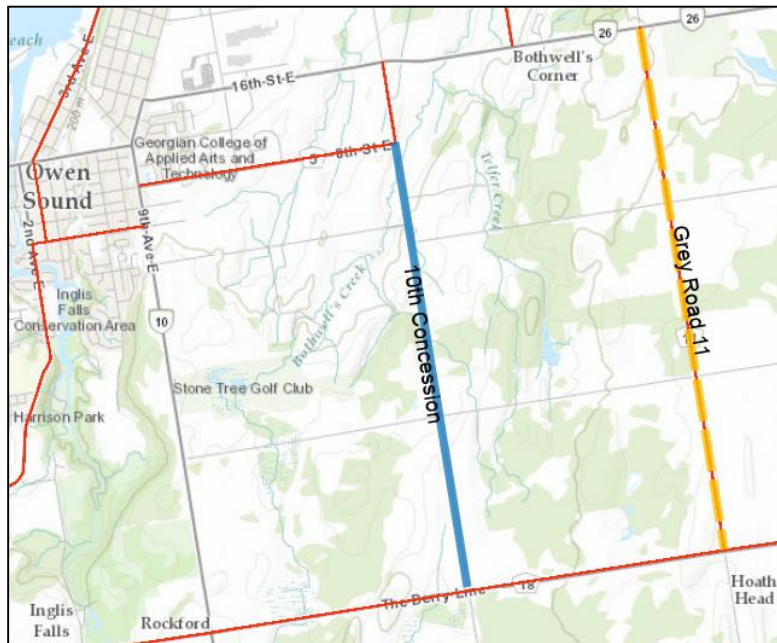

Moving Forward, Priority Action Items

- Road Rationalization/Goods Movement
 - Postpone for at least 2 years the recommended transfers until further data/information is collected (e.g. Asset Management Plans have been completed)
 - Further investigate moving forward with the Road transfers where there are 'even' trades to create immediate efficiencies in the County Road Network
 - Use the Road Rationalization to create a Functional Classification (i.e. Road Hierarchy) and develop appropriate standards/policies based on hierarchy

Moving Forward, Priority Action Items

□ Network Improvements:

Grey Road 11 for 10th Concession

Grey Road 25 for Bentinck-Sullivan Townline

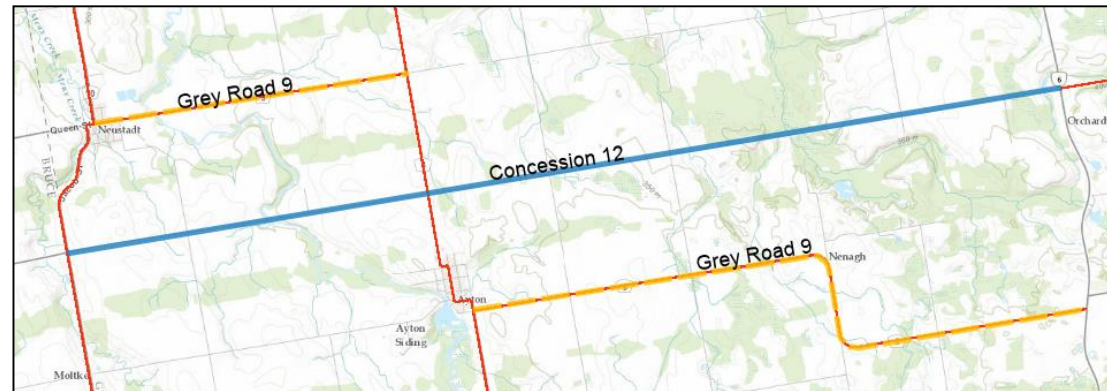

Moving Forward, Priority Action Items

□ Network Improvements:

Grey Road 14 for Southgate Sideroad 11

Grey Road 9 for Concession 12

Moving Forward, Priority Action Items

- Bridge Rationalization
 - Develop Bridge Classification Criteria based on principles of when a bridge should be replaced or closed
 - Postpone any consideration of transfers until there is more data/information (e.g. Asset Management Plans have been completed)
 - Develop criteria to transfer bridges in the future

Moving Forward, Priority Action Items

Transit

- Continue to move forward with recommendations contained in the Rural Transit Study

Active Transportation

- Develop an updated Paved Shoulder Policy/Program - strategically locate paved shoulders based on policies/standards with better alignment with Tourism Cycling Routes, etc. (meetings have already commenced)
- Explore opportunities to improve trail user experience (e.g. parking facilities, signage, etc.)

Connecting Links

- Develop connecting link principles and connecting link agreements

Community Traffic Measures

- Develop principles/policies for assessing Community Traffic Calming Measures

Other Implementation Strategies

- Incorporate the Policy Recommendations with respect to Harbours, Airports and Rail Corridors into the County Official Plan

Summary of Recommended Priority Action Items

Road Rationalization/Goods Movement – postpone transfers, except for ‘even’ trades, develop standards/policies based on functional classification/hierarchy

Bridge Rationalization – develop bridge classification criteria/principles, develop transfer criteria, postpone any transfers

Transit – continue moving forward with Rural Transit Study recommendations

Active Transportation - Develop a strategic Paved Shoulder Policy/Program, explore opportunities to improve trail user experience

Connecting Links – Develop connecting link principles and connecting link agreements

Community Traffic Measure - Develop principles/policies for assessing Community Traffic Calming Measures

Other Strategies - Incorporate the Policy Recommendations with respect to Harbours, Airports and Rail Corridors into the County Official Plan

Next Steps

- Implement Further Engagement Strategy
 - Local Municipal Information Session – March 6th
 - Public Meeting – March 6th, 6pm to 8pm, Council Chambers
 - Comment Period Deadline?
 - Summarize comments received and present final Priority Action Plan for Council's consideration

- Begin Implementing Priority Action Plan based on direction from Council
