160th Anniversary of the Emancipation Festival, 2022

Next Steps and Recommendations

1. That Report EDTC-CW-02-22 regarding Opportunities to Promote Black History in Grey County be received; and
2. That a staff position be restructured to focus on Community Relations and \$10,000 of Grey Roots current funding be allocated as a Community Granting Fund beginning in the 2022 budget to prioritize this important work; and
3. That the opportunities presented be endorsed and an action plan be developed and brought back to Council annually as part of Grey Roots work plan updates.
