Subject: CITIZENS' FORUM

[EXTERNAL EMAIL]

Selwyn:

I am writing to introduce myself & invite you to speak at Citizens' Forum, an informal association of Town of The Blue Mountains' residents pursuing accountability and openness in all aspects of municipal operations and management, through engaging and informing citizens and working collaboratively with other groups. Along with four of my neighbours, I sit on the group's Steering Committee.

We follow the news in all of Grey County closely and would be very interested in hearing of your thinking and vision.

Citizens' Forum meets every Tuesday afternoon in Thornbury at 4:00 p.m. An hour of socializing and sharing local news is followed by a guest speaker, who is allotted an hour for remarks & questions from the floor.. Attendance varies between 50 & 75+.

Would you be interested in sharing your experience with our group?

If so, I'd be pleased to provide you with additional details & find a date that meets your schedule.

Many thanks.

JM
