Background

Plan of Subdivision Application 42T-2004-02 was draft approved by Committee on October 13, 2005 and later revised on October 12, 2006. The draft approved subdivision contained 39 single detached residential lots, 6 blocks to accommodate a maximum of 85 single detached residential lots, 7 open space/public blocks, 1 open space/private block, 7 open space/heritage blocks, 4 open space/golf course blocks, 5 mixed use blocks, 4 multi-residential blocks, 2 public utility blocks, one future residential block, one future road block and six roadways.

Plan of Subdivision Application 42T-2006-12 was draft approved by Committee on March 15, 2007 and later lapsed on March 15, 2015. The previous draft approved plan included a total of a total of 22 Blocks to accommodate a maximum of 228 single detached residential lots, 5 Blocks to accommodate a maximum of 63 townhouse residential lots, 2 open space/parkland blocks, 1 open space/walkway, 8 open space/public blocks, 1 Public Utility Block and 10 roadways including Cobble Beach Drive.

Prior to 42T-2006-12 lapsing, parts of Plan of Subdivision 42T-2004-02 and 42T-2006-12 were given final approval and later registered as Plan 16M-15. Plan of Subdivision 42T-2004-02 and the previously draft approved plan 42T-2006-12 are located on lands owned by the same owner being Georgian Villas Inc. (Cobble Beach). The subject lands are within the Primary Settlement Area known as Cobble Beach and are described as Part of Lot 28 to 34, Concession 3 (former Township of Sarawak), Township of Georgian Bluffs (see Map 1 below).

MAP 1: Georgian Villas/Cobble Beach Subject Lands – 42T-2004-02

The County has received a request from the Owner’s agent requesting that the 42T-2004-02 be revised by adding in the previously draft approved lots from 42T-2006-12 into one plan of subdivision. The Owner’s agent is also proposing some minor revisions to the plans which includes minor adjustments to some of the lot boundaries, lot sizes, and unit numbers. By combining the two plans, it provides an opportunity to update the plan by aligning the two plans and by combining two sets of conditions into one.

The applicant submitted a proposed revised plan, a list of proposed revisions, as well as copies of previous studies and reports that were submitted with the original applications. Links to all the documents can be found on the County website at the following location: [Cobble Beach - Redline Revision](#)

The proposed redline revisions were circulated to various agencies for review and comment. Below is a link to the proposed revised plan:

Agency Comments Received

Grey Sauble Conservation Authority (GSCA) – In correspondence dated November 25, 2015, GSCA indicates that they are satisfied with the proposed lot adjustments and has no objection to the redline revision.

County of Grey Transportation Services – In correspondence dated November 4, 2015, the County of Grey Transportation Services Department indicates that if possible they wish to obtain some additional widening along the frontage of this development adjacent to Grey Road 1. Widening was previously obtained by the County along the frontage, however the widening varies in width and in some cases is less than the County's current widening policy. Upon further review, the lands that Transportation Services was looking to acquire have either already been registered or are located on lands not subject to these two plans. Should land be required for future widening, parts of the widening have been deeded to the Township as part of trail system and therefore the County could approach the Township at that time to acquire lands if necessary. As for the other parts not currently included within the two plans, once the developer has submitted future plan of subdivision applications for these parts, the County will be able to acquire road widening at that time.

Canada Post – In correspondence dated October 22, 2015, Canada Post indicates that this development will receive mail service to centralized mail facilities provided through their Community Mailbox program. Conditions have been added to address Canada Post's comments.

Hydro One – In correspondence dated October 27, 2015, Hydro One indicates that they have no comments or concerns at this time.

Township of Georgian Bluffs – On November 18, 2015, Township Council directed Georgian Bluffs staff to submit comments to the County of Grey Planning Department regarding the proposed redline revisions. Township staff have been involved in the review of the proposed draft conditions and are satisfied with the proposed revisions, subject to the conditions of draft approval.

Analysis of Planning Issues:

Planning authorities must have regard to matters of Provincial interest, the criteria of the *Planning Act* and be consistent with the Provincial Policy Statement (PPS). Within Grey County they must also make decisions that conform to the County of Grey Official Plan.

Provincial Legislation – The Planning Act

Section 1.1 of the *Planning Act* outlines the purposes of the Act. The purposes of the Act promote sustainable economic development in a healthy natural environment within a land use planning system, led by provincial policy and matters of provincial interest. Section 2 of the *Planning Act* outlines matters of Provincial Interest, which decision makers must be consistent with when carrying out their responsibilities under the Act.

The proposed redline revisions have regard for matters of Provincial Interest under *the Planning Act*.

Provincial Policy Statement (PPS)

A key goal of the PPS is directing new growth to serviced settlement areas, and promoting the vitality of such settlement areas through re-development and intensification. The subdivision is located within a Primary Settlement Area designation. The proposed development would also be serviced with municipal water and municipal sewage services. The previous conditions of draft approval along with the recommended revised conditions address the policies contained within the Provincial Policy Statement.

It can be concluded that the proposed revisions to the draft plan of subdivision, with the recommended conditions of draft approval, is consistent with the PPS.

County of Grey Official Plan

The County Official Plan designates the subject lands as 'Primary Settlement Area'. A Secondary Plan for Georgian Villas/Cobble Beach has been previously approved (County OPA#32). The Secondary Plan provides detailed policies as to how the subject lands will be developed.

The proposed revisions to the draft plan of subdivision conform to the County Official Plan as well as the Secondary Plan for Cobble Beach, subject to the conditions of draft approval being addressed.

Financial / Staffing / Legal / Information Technology

Considerations

At this point there are no financial, staffing, legal or IT considerations beyond those normally encountered in processing a redline revision. The County has collected an application and associated fee for the proposed redline revision.

Link to Strategic Goals / Priorities

Action 2.10, under Goal 2 of the County's Strategic Plan requires the continued management of growth and the application of sound land use planning principles. Permitting residential growth in a settlement area, which efficiently uses municipal infrastructure, could be considered sound land use planning.
