Two Good Forestry intents were asked to have trees blacked out to meet the prescription. One circumference limit intent was cancelled as the majority of the trees were undersized. All other permits were issued as is.

A complaint from Saugeen Valley Conservation Authority has led to an investigation of a cedar clear cut in a Provincially Significant Wetland that had no permit issued. Charges may be pending.

### **Grey County Forests Report**

Breen Lumber finished up in the Fish Hatchery property in the Township of Chatsworth (Sullivan) in early September. Looks very good, lots of regeneration coming up.

Dornoch Krug Tact cut by Samuel Martin, all material has been removed from the landing.

2016 marking contracted out to Jim Eccles has finished marking the pine compartments, waiting for the leaves to come off before marking the hardwoods.
